

Quality DCPG Coverage for Individuals

Choosing the right dental insurance plan should be easy. While it may be tempting to make the decision based on one factor alone, it is not always the best answer. For example, if you made a purchase decision based only on cost, you might find that any short-term savings could lead to greater out-of-pocket expenses later.

Understanding and comparing the plan features offered by different carriers is KEY to finding the dental insurance plan that best fits your needs. While certain product features can help save money on future treatments, others can add to the convenience of your experience.

Every plan from The Dental Care Plus Group comes with these features. Ask yourself: **How do other plans compare?**

DCPG Plans	Other Carriers	Benefit to You
<input checked="" type="checkbox"/>	<input type="checkbox"/>	No benefit waiting periods on preventive benefits
<input checked="" type="checkbox"/>	<input type="checkbox"/>	Composite restorations (white fillings) on all teeth, including posterior (back) teeth
<input checked="" type="checkbox"/>	<input type="checkbox"/>	No six-month wait between cleanings or oral evaluations
